

Leading a Successful Property Management Company (BDM603)

In this course, you will explore ways to identify, develop, and implement best practices for building and leading a sustainable, customer-centric real estate management company. Through in-depth analysis of your company and teams, you will discover the latest strategies and best practices for building and leading a sustainable, customer-centric real estate management company. Designed for management company owners, executives, and department heads charged with driving business results, this interactive course gives you a template to create a forward-thinking organizational environment to grow your business. Completion of this course earns your firm credit towards IREM's prestigious [AMO® accreditation](#).

Specifically, you will:

- Compare best practices employed by successful real estate management companies to those employed by their organization.
- Identify ways to establish talent strategies and a leader development program to support the company business strategy.
- Create a forward-thinking organizational environment that fosters innovation and profitability.
- Build ethical and profitable relationships with clients.
- Develop realistic and achievable goals and action plans for company and personal improvement.
